

NEIGHBORHOOD ALERT!

REFUSE YOUR POWER COMPANY'S SMART METER INSTALLATION NOW

IMMEDIATE ACTION NEEDED

Smart meters **IN THE MILLIONS** are currently being installed in all our communities on every home and business. These meters create documented health and safety effects and other serious problems.

JUST SAY NO!

So Far...
THE ONLY THING
STANDING BETWEEN
YOU AND A
SMART METER IS A
TAG OR LABEL
ON YOUR
ELECTRIC &
GAS METER!

- No to increased utility costs
- No to required appliance change outs
- No to radio transmitted smart meter radiation associated with memory loss and a range of other symptoms
- No to invasion of privacy and remote shut downs
- No to uninsurable liability consequences
- No to the FCC & WHO safety and health standards that are based on inadequate studies not specific to smart meters
- No to cumulative long term radiation exposures from multiple meter installation and meter network communicating back and forth
- Refuse the smart meter until a specific study has been done proving no ill health and safety effects (E.I.R.)

Call your city council members, county supervisors, state senators, assembly persons and the public utility commission in your area.
